Guidelines to Facilitate Online Cell Chats

1. **Identify a cell meeting time** that is appropriate for everybody and **communicate** on the group chat well ahead of time **inviting all the members to be part**. Remember to **Start the meeting on time**; and also **remind members to avoid interrupting** on-going discussions, e.g., by posting unrelated issues or videos. After the discussions, **encourage the members to take time and pray individually** for the prayer items as you close. The online cell session should take between 1hr -1hr 30 mins.
2. **For those already meeting physically, please do not forget to follow the MoH safety guidelines.**
